Professional Summary

Motivated full stack developer with ongoing professional experience at Finstein. Skilled in modern web and mobile development, with a proven track record in building scalable solutions and managing projects. Excels in team collaboration and cross-functional communication, and is passionate about leveraging emerging technologies.

Work Experience

Associate Trainee – Full Stack Developer

Finstein

July 2024 – Present

- Leading and contributing to the development of key projects:
 - **Rizzfit Mobile & Web App:** Developed using React Native, Expo, and React for both mobile and web platforms. Implemented core features and integrations for a seamless fitness tracking and class booking experience.
 - **Shriram Properties Web App:** Built frontend with React (TypeScript) and backend with NestJS, delivering robust solutions for real estate property and process management.
- Designing, coding, and maintaining scalable applications, while following best practices in JavaScript, TypeScript, API design, and security.
- Managing data modeling, migrations, and querying with PostgreSQL and MariaDB databases.
- Coordinating with cross-functional teams to define requirements, improve user experience, and ensure timely project delivery.
- Ensuring code quality through regular reviews, unit testing, and comprehensive documentation.

Key Technical Skills

- **Frontend:** React, React Native, React Expo, React Vite, Next.js, TypeScript, JavaScript, HTML, CSS
- **Backend:** NestJS, Python
- **Databases:** PostgreSQL, MariaDB, MySQL, DBMS
- **Other:** Basics of Java, C, C++
- **Tools:** MS Office
